Roorkee, Uttarakhand, India

April 2019 – March 2022

WORK EXPERIENCE

INTERNSHALA TRAININGS

Remote

Web Development Intern

July 2023 – September 2023

- Created a full-stack Paying Guest (PG) accommodation search platform using React.js, JavaScript, PHP, and SQL, serving 500+ users and reducing search time by 30% with an intuitive interface.
- Implemented advanced search and filtering functionalities, improving user engagement by 50%. Optimized database queries, decreasing server response time by 25%, leading to smoother application performance. Built a responsive UI, ensuring cross-browser compatibility and accessibility, increasing mobile user retention by 20%.

Kitchen Concept and Interior World — Local Project

Onsite

Web & Graphic Designer (Freelance)

August 2025 – October 2025

- Designed Instagram posts, product brochures, and promotional banners using Canva and Adobe Photoshop, aligning visuals with the brand's interior design theme.
- Contributed to website layout and design improvements, ensuring an appealing and consistent brand presence across digital platforms..

PROJECTS

PERSONAL PORTFOLIO WEBSITE

- Created and coded a 100% responsive one-page portfolio website in HTML, CSS, and JavaScript, showcasing 6+ projects, skills, and work experience.
- Used dark/light theme switching, smooth navigation scroll, typing effect, and page transitions for a refined user experience.
- Added interactive elements such as preview resume, contact form using EmailJS. Ensured performance and accessibility on devices, providing an optimal experience for desktop and mobile users.

COFFEE-LANDING-PAGE

- Developed a responsive Coffee Landing Page with HTML/CSS, emphasizing a clean design and a good layout to present products and services well
- Added interactive components like a carousel of images and a link to Google maps that improve the usability of the page while providing a way for the user to locate the business.
- I deployed the project to Netlify and made the live site available through my portfolio page, so I can easily demonstrate it.

LANDING-PAGE-ON-FIGMA

- Created an engaging coffee-themed landing page prototype in Figma with a clean interface and smooth design flow.

SKILLS

- Web - HTML, CSS, JavaScript, React, Java
- Databases – MYSQL, SQLite
- Tools – Power Bi, Git, Jupyter, Woordpress, Canva, Adobe Photoshope, Figma
- Soft Skills: Team Collaboration, Task Prioritization, Multitasking, Critical Thinking, Fast Learner.
